### EXPERIENCE

#### 100Devs, [January 2022 – Present](#)

##### Full-Stack Developer

- Collaborated with a team of developers to build modern and responsive web applications using best practices.
- Built modern UI using CSS grid, flexbox, JavaScript and Figma.
- Applied agile methodologies like SCRUM for project management.

#### CorriCodes, [November 2021 – Present](#)

##### Web Development & Design

- Created responsive websites for online music school and portfolio using HTML, CSS & JavaScript.
- SQL & NoSQL database administration, as well as embedding security tokens such as CSRF.
- Built various games and applications such as the Google T-Rex run game, weather app & and online store with authentication and security features.
- Set up meetings with clients on RemoteHQ to plan and design their website prototypes or mood boards using the built-in Figma application and Miro Board.

#### Merriam School Of Music, [June 2011 – Present](#)

##### Music Education Specialist | Formerly Administrative Assistant & Bookstore Associate

- Educated students of all ages, levels and learning styles through online learning using LearnCube, Google Meet, Discord & RemoteHQ.
- Organized lesson plans, recitals and exam preparation with the use of Miro Boards, Google Drive & Classroom applications.
- Troubleshoot with IT, quickly looked for a backup solution to technical issues in online lessons and researched different video platforms that could be used for teaching.
- Designed posters, brochures, lesson plans, slideshows and worksheets for students' lessons, recitals, exams and promotions using Canva or Photoshop.
- Increased customer retention with creative teaching methods, assisted in scheduling lessons and set up payment plans with Salesforce Administration.
- Tracked inventory, processed orders from the online bookstore, booked piano tunings, and metric tracking.

### VOLUNTEER

#### Green Party Of Canada, [September 2021 – Present](#)

- Promoted platform on social media and in the Norfolk & Haldimand County areas
- Informed and educated on low-waste solutions, Guaranteed Living Income action plan, saving Canada's old-growth forests, and the transition of oil and coal workers into a greener industry.
