[corriganbaker@gmail.com](mailto:corriganbaker@gmail.com)

A creative and passionate professional with experience in web development, graphic design, and music education. A strong interest in working with AI and machine learning. Known to have a strong work ethic and talent in applying analytical and creative thinking to develop user-friendly interfaces.

## EXPERIENCE

---

**100Devs**, January 2022 – Present

### Full-Stack Developer

- Collaborated with a team of developers to build modern and responsive web applications using best practices.
- Built modern UI using CSS grid, flexbox, JavaScript and Figma.
- Applied agile methodologies like SCRUM for project management.

**CorriCodes**, November 2021 – Present

### Web Development & Design

- Created responsive websites for online music school and portfolio using HTML, CSS & JavaScript.
- SQL & NoSQL database administration, as well as embedding security tokens such as CSRF.
- Built various games and applications such as the Google T-Rex run game, weather app & an online store with authentication and security features.
- Set up meetings with clients on RemoteHQ to plan and design their website prototypes or mood boards using the built-in Figma application and Miro Board.

**Merriam School Of Music**, June 2011 – Present

### Music Education Specialist

#### Formerly Administrative Assistant & Bookstore Associate

- Educated students of all ages, levels and learning styles through online learning using LearnCube, Google Meet, Discord & RemoteHQ.
- Organized lesson plans, recitals and exam preparation with the use of Miro Boards, Google Drive & Classroom applications.
- Troubleshooted with IT, quickly looked for a backup solution to technical issues in online lessons and researched different video platforms that could be used for teaching.
- Designed posters, brochures, lesson plans, slideshows and worksheets for students' lessons, recitals, exams and promotions using Canva or Photoshop.
- Increased customer retention with creative teaching methods, assisted in scheduling lessons and set up payment plans with Salesforce Administration.
- Tracked inventory, processed orders from the online bookstore, booked piano tunings, and metric tracking.

## VOLUNTEER

---

### **Green Party Of Canada**, September 2021 – Present

- Promoted platform on social media and in the Norfolk & Haldimand County areas.
- Informed and educated on low-waste solutions, Guaranteed Living Income action plan, saving Canada's old growth forests, and the transition of oil and coal workers into a greener industry.
